

Profile

I am a dedicated Software Engineer with a strong passion for mobile development, boasting extensive expertise in iOS and Android platforms, complemented by a proficiency in Flutter. My career journey has not only defined me as a tech professional but also revealed my fervor for entrepreneurial endeavors.

Experience

- 

Aloha (Co-Founder) Campina Grande, Brazil

02/2021-05/2024

Conceptualized and founded a startup dedicated to enhancing the well-being of hotel guests. Pioneered an innovative platform enabling hotels to offer seamless in-room product deliveries, including food services. Additionally, developed a user-friendly app empowering guests to schedule services, connect to the internet with a single click, access the hotel's offerings, and more.
- 

Jaya (Remote Sr. iOS Developer) São Paulo, Brazil

05/2020-01/2023

 - **SWAP project** 08/2022-01/2023
Initiated the development of a comprehensive framework tailored to encapsulate and extend the capabilities of the Thales framework by using Swift and UIKit. Integrated a diverse range of frameworks including Apple Pay, Quick, and Nimble, elevating project functionality and quality. Efficiently managed dependencies through CocoaPods.
 - **C6 Bank project** 05/2020-07/2022
Led the creation of a cutting-edge iOS app for C6 Bank in Brazil. Utilized Swift and UIKit programmatically, incorporating diverse frameworks like Quick, Nimble, Nimble Snapshots, and Cuckoo for comprehensive testing. Prioritized accessibility by designing native accessible screens. Guided a team of three, fostering collaborative success.
- 

WISK SOLUTIONS (Remote iOS Freelancer) Toronto, Canada

04/2019-09/2019

Enhanced an iOS app for a beverage intelligence platform catering to the hospitality sector. Utilized Swift and UIKit, incorporating various frameworks such as Quick and Nimble. Additionally, contributed to backend enhancement by implementing new features through Vapor.
- 

GAZETA DO POVO (Remote iOS Freelancer) Curitiba, Brazil

03/2019

Developed an iOS app for the renowned city of Curitiba newspaper's, employing Swift, HTML, Storyboards, and related technologies.
- 

MERK (Co-Founder) Campina Grande, Brazil

03/2017-11/2018

Established a pioneering startup focused on providing real-time information on the best prices and nearest markets for products within the city. Orchestrated the development of Android and iOS applications. Led functional validation of the Merk app, actively engaging with customers for insights and feedback. On the iOS platform, Swift was employed, with Carthage serving as the dependencies manager, and frameworks like Moya, SwiftJSON, and Reachability integrated. For Android, Kotlin was utilized, with Picasso and OkHttp frameworks playing key roles.
- 

Embedded/Virtus Campina Grande, Brazil

 - **JFL project (iOS Developer)** 01/2017-02/2018
Designed and implemented a House Alarm app for JFL Group using Swift, Objective-C, Storyboards, etc.
 - **Envision project (Full Stack Developer)** 04/2015-12/2016
Developed and maintained a Security Solution for the transport of ENVISION/AOC devices using Django, HTML, CSS3, JavaScript, Open Street Map, etc.
 - **AOC project (Android Developer)** 04/2014-03/2015
Programmed an App Store and a new Launcher for AOC tablets and Smartphones using Java (Android), etc.
 - **Positivo project (Android Developer)** 08/2013-03/2014
Implemented educational apps for Positivo Company (Program of Technical-Scientific cooperation between UFCG and Positivo) using Java (Android), etc.
- ## Education
- 

Kaplan (Language Exchange) London, United Kingdom

2022

Completed a language exchange program in London, honing language proficiency and cultural adaptability through immersive interactions with native speakers and diverse linguistic environments.
- 

UFCG - Federal University of Campina Grande (B.S. Computer Science) Campina Grande, Brazil

2009-2013

It is widely recognized as one of the best and most prestigious Computer Science courses in Brazil.

Additional Experiences / Others

10/2018

UN (Empretec)

Campina Grande, Brazil

Participated in the prestigious Empretec program, a transformative entrepreneurship workshop conducted by the United Nations. Gained invaluable insights into business development, strategic planning, and effective leadership. The program's immersive approach enhanced my entrepreneurial mindset and equipped me with practical skills to navigate the challenges of the business world.

SEBRAE (STARTPB)

Campina Grande, Brazil

Engaged in an immersive program that addressed the multifaceted responsibilities of entrepreneurs, offering guidance from top-tier mentors across diverse fields such as MVP development, sales strategies, growth hacking, pitching, and financial management.

Keep Learning School (Reaprendizagem Criativa)

São Paulo, Brazil

Cultivated creativity skills through focused exploration of techniques designed to elevate both individual and group innovation.

08/2010-12/2010

PIATI (Volunteer)
